Tawhid avoids these traps by guiding a person what true freedom means. The freedom that is grounded in moral accountability and spiritual dignity Tawhid ensures that liberation does not produce class in fact liberate a human from all forms of servitude. Secondly, Islam has a powerful belief system that elevated human creed and race from the slave, the weak, the poor, the woman, and the marginalized, because their worth is measured by Taqwa. To summarize, in essence Tawhid has multidimensional implications on human life, society, and political system of an Islamic state. Tawhid is the only concept exists that liberates human from all forms of servitude through soul purification, moral accountability, social justice, rule of law, and legitimacy of leadership.
