(Precis 1998)

"Humans Unfriendly Conversation along the factor of lie"

According to <sup>the</sup> writer, speaking lie is such <sup>a</sup> ~~an~~ horrible factor that if we humans recognized its harm, we would punish ourselves. It is of such nature that if one <sup>acquires</sup> it, ~~he/she~~ <sup>one</sup> would hardly get rid of it. He says that lie is of a very peculiar nature, it <sup>consists</sup> of many sides or dimensions. It ~~is~~ <sup>boundaries</sup> has no boundaries and circumscription and that is why whenever we humans speak it we could not find that where we were. Lastly, he ~~mentioned~~ that it would be better for us to befriend dogs rather than humans. The reason is our human speech is filled with ~~of~~ lie.
