

## Emotional disorders Imbalances of the life.

Psychoses and Neuroses <sup>Persons</sup> Cannot balance the life because ego **disturbs**

self and collective consciousness of ~~them~~ <sup>fulfill</sup>

Psychoses does not fulfil desired goal and moves towards another goal but remains

Fail because he **emotionally sick**. He behaves animal forms. Indeed, he uses dominant mental disorder functions rather than three

~~conscious~~ functions of <sup>the</sup> mind. The dominant

~~Psychoses~~ imbalance the life, and self <sup>of neuroses</sup>

tune. However, Neuroses has separate

behaviors which not vary culture to culture.

Thus, Mental disorders imbalance the life

Cohesion is missing. Mistakes identified.
