

## A Trip to Cherokee

The author embarked on a trip to ~~Cherokee~~ with his friend for a refreshing vacation & ~~unlike his other past experiences.~~

In Cherokee, they visited a town named ~~Qualla boundary~~, which was surrounded with soul-stirring scenery. ~~Furthermore, it~~ also presented the 18<sup>th</sup>-century arts and lifestyle.

~~Masked by language barriers,~~ luckily they were able to find shops with the help of natives. These shops depicted traditional cultural items as well as unique objects. However, whilst roaming, they were greeted by a shopkeeper who briefed them about Cherokees' mode of living. This primarily included trade as well as other sustainable options to meet survival needs. Furthermore, he also told them about "Bingo Weekend"; a kind of entertaining activity which used to take place once in a week. They visited the museum in the last, which majestically represented hand-made craft. Hence, this trip, proved as ~~stated~~
