(c) Sports ground - women prove their strength

(d) Scientific development - Women prove their knowledge

(e) Artistic ways - Women prove their art

III- Factors that perpetuates misconception about women.

- (a) Lack of Education
- (b) Feudal culture
- (c) customs and traditions
- (d) Patriarchal society

IV- Ways that promotes Anti-women institution

V- Conclusion

Introduction

"Getting Education is essential
for all men and women"

(Holy prophet P.B.U.H)

Women in every society has equal importance as men. Islam permit women to allow work and get

Education- Firstly, Women are not inferior because they work in every field of life from medical to political, from sports to scientific area, and artistic ground vice versa. Secondly, societal misconceptions and domains of jealousy and hatred from men subjugates women and giving them a tag of weak person. Resultantly, Religious institutions build a negative impact of women in men's mind and due to the lack of education and their patriarchal concerns they oppressed women. Men called her wife as frail and said she is bound to domesticity. But, the modern world prove it wrong.

"Women can enjoy equal rights because it's a basic right of women given by Islamic and constitution"

Make a comprehensive outline
Follow the coherent pattern in the outline

Either give all your points in one words or in sentence form
Improve your argumentation
Integrate attention grabber in the introduction paragraph
Follow proper structure of intro
