The People attract to drugs due to media Influencers, Peer pressure, Unemployment and mental issues. Its required collective action to prevent drug use and enforce new laws, education, awariness programme and Rehabilitation Centers.

2- Causes of Drug Addiction

2-1 * One of the major cause of drug addiction is peer pressure and bad gethering. The fear of failure and neglangence of family member make the Person mentally distrub. The youth attract to drugs addiction because of bad gathering in university. The drug use is common in universities. The Kids of broken-families use drug as a stress relief. The Sociaty Compare one person to another person and Parents also to do comparison in children, that leads to drugs use. The youth ~~was~~ is mostly under the Influence of western lifestyle. The drug use is common in

western culture. The lack of Parents supervision
* also led them to drug use. The society and
Parent put too much pressure because of failure,
~~toward the person~~ and bullying and taunting
the person they start using drugs.

*
2.2 The second cause of drug use is
economy. The person is unemployed and
live the life in poverty also attract
toward the drugs. The people are unemployed
they have burden on run the house, they
start taking drugs because of financial crises.
The drug selling is illegal source of income.
They sell drugs to generate income but
gradually they also start using it. The drug
needs led them to theft and street crimes.
The mostly people use drug, the need of
drug make them bagger, thief and criminal.
The financial issues and unemployment make
him hopeless and disheart, To escape from
the reality they start using drugs.

2.3* The Third reason of drug addiction is Psychological and mental Issues. The People are mentally disturbed, heartbreaks, anxiety, stress and depression led them to drug use. The drugs give them a Stress-relief, for temporary ~~leisure~~ leisure they spoil their lives. The ~~growth~~ ~~mentality~~ ~~impacts~~ ~~on~~ ~~depression~~ Personal setbacks such as heart break and academic failure ~~can~~ ^{leads} ~~profound~~ psychological impact to some to use drug as an escape. For youngers a sense of adventure and curiosity, Particularly Among teens, can lead to experiment of drugs which become addiction.

2.4* The fourth reason of drug addiction is excessive use of social media. In social Media the Influencers glamorized the use of drugs. Like Tiktok, Youtube Influencers ~~now~~ use normally the Alcohol and ice. The People who use social media excessively, come under influence and using drugs as well. The use of drugs openly showing on media like in movies and songs. The glamorized drug use and teens start using. The immature mind attract toward

bad habits. The Youtubers and vloggers use ^{drugs} in their videos. The People start use normally in Society. Mostly Elite Class children use this in name of Party and hangout. ~~be~~ The Rich families childrens are also drug addicted because of less Parenting.
