Question 02:

Precis:

Importance of Greenery and Urbanization

Greenery and parks are the places of rest and serenity in between the noisy cities. Greenery maintains balance between urban development and environment. Parks also strengthen communities as families, friends and individual engage in multiple activities, provides social and cultural enriched experience. Ahead of leisure, greenery also protects environmental ecosystem and fosters mental health when one get natural freshness. With the increase in urbanisation, sustainable urban planning is essential to maintain balance between urban development and sustainability of greenery. As cities evolve, it becomes mutual responsibility to cultivate urban landscape with greenery that eventually sustain human progress and protect environment.
