The Muslim countries are going to make ~~it~~ their own Muslim force.

It is evident from Pakistan and Saudi Arabia defense agreement. Both the countries signed an agreement in view of Israeli aggressive foreign policy. According to the social media news, the USA's University revealed the greater Israel's map in which they added Madina City. This agreement ~~great would create~~ lots of opportunities to Strengthen Strategic ties, Defense Industry co-operation, Economic and Strategic leverage, Strengthen Pakistan role in Muslim world, create Muslim forces as well. However, this agreement would create several challenges for Pakistan in view of Changing Geo-political Strategies, technology and

capability gap, changing global alliances, rise of proxies, and dependence on Saudi support, but these challenges can be tackled simply by implementing balance foreign policy, strategic autonomy, and clear defense framework. This essay will highlight the opportunities, challenges, and solutions as well.
