### Essay

Start with the reality of page, that Hamas attack on Israel in Oct 7, 2023. In the result Israel invaded its army and killed 6700 of the people till Oct 2025 (Reported by Al-Jazeera). It is a critical situation, which highlighted by media. Media as a pivotal part, became the voice of Palestine and reported all the scene and updates in every corner of the world. Media also pointed out a brief war history between two countries with the creation of Israel. This conflict has started. Many ups and downs had taken part in history. Different countries tried for peace. Muslim countries and "ICO" also took positive steps toward peace agreement. Through all these periods, media strictly focused on. During this, different UN conferences held and resolution presented but American Veto response always created a hopeless objection upon not only the whole world but also for UN. Majority of the countries believed that brutality against innocent people should be stopped. Protest on different places were held by various organizations and people. Various western countries also recognized ~~isr~~ Palestine and forced Israel for making peace agreement. In recent days, with the mediation of USA a peace agreement has signed. According to this agreement, Hamas and Israel interchange prisoners, withdrawal of Israel's forces, rebuilding of Gaza and transportation of food were part. Now UN and global world forced Israel strictly
