## TEST No: 1

Properly follow the structure of  
outline.

This is not the way to convey your  
ideas

## Delayed Marriages: Causes and Consequences

### Outline:

#### Causes:

##### 1. Status Difference:

For example: Rich people do not want to make relations with the poor especially in the matter of marriage.

Mostly, the poor people are always in waiting for the good marriage proposal.

##### 2. Concept of Jahaz:

In our society, Jahaz is still considered a sign of happily married life and good reputation among in-laws.

Poor people spend their whole life for Jahaz collection.

### ③ Setting high standards for a partner

Forexample: The partner should be well settled and good looking.

- My partner should have a separate home.

- Social media acts like a fuel in raising these standards and fantasizing young generation.

### ④ Highly demanding professions and career oriented approach:

- For example: People focus more on getting settled first than to get married.

- As we see, doctors and engineers mostly marry in their 30's after pursuing their highly demanding professions.
- Difficulty in work life balance.

### ⑤ Unemployment:

- Unemployment is also a factor of delayed marriages.

*that plays role in*

- Marriage is considered a responsibility, an unemployed person is unable to hold this responsibility. he tries to escape.

### ③ Rising Domestic abuse and violence:

For example: ~~the increasing number of~~ <sup>cases of</sup> marital rapes and domestic abuse by in-laws and husband.

It creates fear of marriage especially in women.

### Consequences:-

#### ① Biological Issues:-

• There will be difficulty in conceiving children.

• The risk of children born with disorder & Syndromes risk increases.

For example: Trisomy and chances of cleft lip & palate in children increases if mother is in late 30's.

### ③ Health Issues of Parents:-

- ③ As with increasing age, health issues like hypertension, hypertension, Joint problems, Cardiac issues, increases <sup>they face</sup>.
- ③ So, <sup>↑</sup> difficulty in parenting occurs

### ④ Rigidity In character:

- With advancing age, the rigidity in the character of parents don't let them understand each other.
- ~~Little~~ tendency to compromise.
- One tries to impose his decision on other partner.

### ⑤ Difficulty in raising children and cope up with their responsibilities.

### ⑥ Delayed marriages causes anxiety and depression

### ⑦ high/long age gap between children and parents.

## Thesis Statement:-

The factors like status difference, concept of Jahaaz, unemployment, highly demanding professions that make it difficult to maintain work life balance, rising domestic abuse and thinning of high standards for a life partner play role in delayed marriages. <sup>In turn,</sup> Delayed marriages causes biological problems, parenting issues, health issues ~~emerging~~ in couples life. The rigidity of character and anxiety is also a consequence of delayed marriages.

Adopt a more formal writing style  
Start with Intro  
Thesis statement part of intro  
Then mention causes and consequences  
At last conclusion.  
No need to write lengthy sentences in outline
