

①

⇒ Unsuitable Environment:

The third main reason for the failing in the competitive exam is unsuitable environment. Firstly, the unsupportive home environment has created a hurdle. The family put a huge pressure on the aspirants. Most of members of family are uneducated in the middle class, so they not know about the competitive exam and demoralize the aspirants. Secondly, the friend circle of the aspirants can also effect on the thinking pattern of the aspirants. They have different backgrounds. They not have knowledge about the competitive exam and tell the aspirants that there are commendation present in competitive exam. For instance, they heard from the people about commendation in the competitive exam. Thirdly, the harsh weather condition in the examination centers. Cause bad effect on the performance of the candidate. For example, I met with the person who had attempted the CSS-2024 exam, he said

my examination center was too cold, there was no heater in the room and also faced many difficulties in the examination center. Hence, the unsuitable environment has caused the failure in the competitive exam.

⇒ Digital distractors:

The fourth one of reason of the failure in competitive exam is digital distractors. Likewise the excessive use of the social media can effect on the performance of the candidate of competitive exam. There are much wastage of time of aspirant by using social media. The excessive usage of social media shows the non-seriousness of the aspirants. Additionally, the reels and memes are quite interesting than the reading a book. In this way, the aspirants lose most of their time on watching reels. The reels can increase the level of dopamine hormone for the instant pleasure. If the person stops watching the reels this can cause adverse psychological disease by the

imbalance of dopamine level in the body. Finally, the aspirants start mostly rely on the artificial intelligence and stop usage of their own cognitive ability. The aspirants want the ready-made material instead of reading multiple books. The competitive exam wants some creative writing which is possible after reading books. To conclude it, the digital distraction play crucial role in the failure of aspirants of competitive exam.
