TITLE:

NATIONALISM VS UNIVERSALISM

According to an eminent contemporary scholar, nations should be built on collective vision of concerned people rather than believing on historical myths. Because the nationalism built on myths of time promotes xenophobia among nations. Even in past, all the western and muslim philosophers emphasized on adopting a balanced approach between nationalism and universalism. And to treat all citizens with equality and justice. Because nationalism often hinders progress. So, it is beneficial as well as harmful. On one hand it unites the people and on the other hand it sheds blood of people having different national identity. A renowned muslim philosopher rightly pointed out that democracy has not been practiced in true spirit. It is just a cover for imperialism. And this imperialism is the root cause of nationalism. So, a moderate way should be adopted; to
