

Decreasing enrollment in Pakistani universities & causes and consequences.

a) Introduction.

b) Investing in higher education is investing in a nation's future.

c) Causes of decreasing enrollment in Pakistani universities.

i) Higher cost of quality education in universities makes it inaccessible to lower economic class.

ii) If Inflation forces youth to prioritize immediate income over education. Ur 2nd point should have been the 1st

iii) Higher unemployment rates discourage students from pursuing higher education. Try to order your ideas with more logic

iv) Gender disparity caused by cultural norms halt girls from going to universities.

v) Outdated curriculums compel students to pursue universities abroad. curricul.

vi) Urban-Rural disparity in educational facilities lower the enrollment of rural class.

vii) Lack of convenience in teaching facilities in universities broadens the gap between enrolled and out of university youth.

viii) Climate catastrophes are rather new yet the most valuable reason for poor university enrollment.

ix) Increasing inflation education pull a great number of world to university students.

d) Consequences of decreasing enrollment in Pakistani universities:

1) Fewer number of less qualified mass technocrats do efficiently run the state's institutions.

2) Limited financial opportunities deepen poverty inflation, hence poverty.

Impact of Ignoring Women

- Stagnation in business due to limited knowledge of ~~ontrepreneur~~ halls GDP growth.
- Lagging behind in research and innovation stains international image.
- Brain drain due to better educational and career opportunities hinders the economy.
- Lack of education further widens the gender gap.
- Lack of educated youth makes good governance a distant dream.

Way forward:

Invest in quality and up-to-date curriculum to meet global standards. Attract qualified/spirited faculty in it such as: sufficient ~~equal~~ budget allocation to provide quality education to all sectors of the society ~~equally~~.

~~Add more seats in colleges to play a role~~

~~of women in the society~~

Conclusion:

Overall satisfactory Relevancy

Impact of Ignoring women to economy
