Date:

Introduction:-

Deteriorating Conditions of a Country can be improved by implementing required reforms. This could become the pathway for it's prosperity. Pakistan falls under the category of Developing country, and it won't be wrong to say that where we see actual development in some areas, we can also not neglect the worsening socio-economic situations of the country. Due to issues like poor governance, insufficient infrastructure, etc., all prevailing currently, the country has been facing severe challenges. To overcome these challenges, we need proven efforts, so that these challenges could not hinder with Pakistan's development anymore. Pakistan can achieve prosperity by efforts to bring reforms in its economy, educational sector, political sector, infrastructure, health care, governance, social issues and environmental sustainability.

Date: My Job in an Apple Plant

Point: Working in an apple plant is worst job ever.
