

## Outline:

### 1. Introduction

- Attention grabber.
- General statement
- Thesis statement: In today's modern world, people have become more dependent on AI tools, online shopping, online banking, trust in smart home-appliances, Online Learning & education, Navigation and Transportation, technology in agriculture and solar energy.

### 1. Reliance on AI tools.

- 1.1 Daily Assistance
- 1.2 Automating task.
- 1.3 Problem-Solving support.

### 2. Online Shopping dependency

- 2.1 Easy access
- 2.2 Digital payments
- 2.3 Global shopping

### 3. Online banking dependency.

- 3.1 Digital transaction.
- 3.2 Bill payments
- 3.3 Financial management.

### 4. Trust in smart Home Appliances.

- 4.1 Automated chores cleaning
- 4.2 Smart Kitchen Devices
- 4.3 Laundry Automation
- 4.4 Home security

## 5- Online Learning and Education.

- 5.1 - E-learning platforms.
- 5.2 Digital study materials
- 5.3 Remote classrooms.

## 6- Navigation And Transportation Dependence.

- 6.1 GPS Guidance.
- 6.2 Ride-Sharing services.
- 6.3 Travel planning Apps.

## 7- Technology in Agriculture.

- 7.1 Automated Farming
- 7.2 Data-Base Decision.

## 8- Dependence on Solar Energy.

- 8.1 Home power supply.
- 8.2 Sustainable Energy Management
- 8.3 Reduced Grid Reliance.

## Conclusion:

Points are okay but write topic of the essay

You may mention implications of over dependence and then recommendations to make it a comprehensive outline
