Conclusion

③ Ergo, fragile of governance has paid role to
aggravate child abuse. Secondly, when children
felt to work in any factory then bullshet people
harassad them in a workplace. Moreover,
parents do not allow children to earn skills
and arts. Additionally, they in Pakistan, deprived
children from earning these skills. Furthermore,
Due to fear of child abuse, harassing them,
harassment is major hurdles to progress of
child. Not only this but this as well, harassment
is playing major contributing to stop child's
fulfilling dreams to get education in Pakistan.
Thus, harassment is also growing child abuse.
Thirdly, poverty has disturbed the whole life of
children. Due to poverty, children has been
left behind to get their basic rights. Moreover,
in Pakistan recognising poverty has tracked
down arts and skills to children. However,
owing to poverty justice is also denied.
Additionally, poor people do not get rights
and justice but richmen escape immediately
due to poverty. Addition to, poverty has
forced several families towards early
marriages. Poverty has also compel people
to commit suicide. Not only this but this as
well, it has ruined several nations. Thus,
poverty has played role to augment
child abuse. Moreover, shortages of
money, due to it child abuse is growing.
Moreover, this lackness forced children to join drug
groups for fulfill most needs of money.
Without money children feel such as
Katherine Without money children feel such as
life has no purpose on earth.

④ Not only this but this as well, scarcity of money compel to children commit crime. When children indulge in bad activities then hardly to get out from these activities because money addicted them. No fear of die ~~including~~ committing snatching and street crime, just children cogitate getting about money. Finally, scarcity of money has contributed to growing this menace in Pakistan furthermore, injustice lack of fairness and transparency. Meanwhile, it has disturbed and forced to children to form terrorist groups because injustice can damages the social image of children in a society. During, children has also played role to damages society when get injustice because of injustice spoils life of children. However, children has been far away of social life owing to injustice. Addition to, injustice has the biggest hindrance amid to child life. However, injustice is also forced to children left school and indulge in companions in crime. In summing up, injustice in Pakistan has been playing crucial role. Additionally, unemployment has played great contribution to children's life. Indeed, unemployment has also forced to form prostitution. However, children feel insecure and form it because getting ~~with~~ opportunity. In short, unemployment has ruined the student's life, if timely act it better for student's future. Additionally, unemployment also forced child to left home to go abroad for earning money. Due to unemployment, student cannot fulfill dreams and rights. Also, unemployment has forced to children commit suicide in a life.

In a nutshell, unemployment has growing child abuse preceding paragraph single out ^{causes} and ~~causes~~ ^{coming} paragraph would showcase effects. Addition to, early marriages has also forced to girls to left school. And, girls should take responsibility in a home. Early marriages has forced to girl to leave dreams to fulfill in a life. However, early pregnancies has increased the death tolls of female. Furthermore, early marriages lacked to getting education in a society due to this low participation of women in betterment for society owing to this menace. And, women are left far behind in a life therefore nation cannot progress in a country due to early marriages of female.

In a nutshell, early marriages have spoiled life of girls. Additionally, several children dropped out from school because growing concerns of child abuse. Parents have not allowed to children continue to school, because fear of abuse. If this menace will victim to children therefore deprived children getting education. As Malala Yousafzai said, "one child, one teacher, one book, and one pen can change the world." And, parents send children to earn money and skills in nearby society not for reaching mines. However, children also harassed in a education place therefore drop out rate has increased. As per UNICEF report, '21 million children out of school.' concluding to, drop out rate has increased in Pakistan due to child abuse.

⑤ Also, delicate rule of law is serious concern in Pakistan and played significant contribute to aggravate child abuse habit, weak rule of law has created disturbance and spoiled function of law. Furthermore, in Pakistan, if law fail to provide security and liberty then creates chaos in a nation. Addition to, robberies will commit in a country in absence of law. In addition, failure rule of law to forced children indulge in bad company and children also will join mafia group to aggravate evils in society. Absence rule of law has given opportunity to children to commit illegal activities. In a nutshell, weakness rule of law prevailed in Pakistan. Again, rising children's future, shining Pakistan but failed due to child abuse. children cannot progress in a life and cannot bright future in student's life. Not only this but this as well, if children fail to make progress and prosperity in a life, join ~~the~~ ~~work~~ online assignment in a house. In addition, future of children is a symbol to progress of a country. However, in student's life, future is a crucial aspect in their life. However, if student can not bright future it means darkness in their life because of fear of this menace. In a nutshell, future making is a crucial aspect in student's life. In addition to, skills are more important in children life if deprived from these skills of arts, students can be subside.

Additionally, through these skills student prepares of every activities in life. And, if student fail to attain it, children regret, life has no purpose in a future, it's better to commit crime and damages life. Students get vulnerable of it. Skills are foundation in a student's life. Also, they are playing crucial role to make better future of student's life and career.

In addition to, skills are forced to get fulfillment of dreams but failed to achieve because fear of this worse. Summing up, skills are more important in a student's career.

However Furthermore, students have loss of critical thinking skills in spite of aggressive skills of thinking. And parents bound to children in a home and surrounding atmosphere because fear of child abuse. Due to loss of critical thinking skills, students indulge in bad activities and commit crime. Again, owing to loss of skills, the students victim of depression and anxiety, these hurdles stop children to fulfill dreams. Due to it, children cannot get rights and duties, student like sparsal from society. In a nutshell, loss of critical thinking skills promoted to child abuse in Pakistan.

6) preceding paragraph wind up effects and succeeding paragraph to showcase benefits.

Pakistan has facing many socio and playing major role to better well economic growth to society free child abuse. Economic has played major role to mitigate this issue in a Pakistan. Better economic ^{can} creates several qualification for children. Economic of Pakistan has numerous advantage some of them are those. However, economic in Pakistan played a major role to progress of a nation. In addition to, well economic forced children to play role in every sector and even skills. Concluding, these are several advantages and one of them is economic growth. In addition to, loss of childhood and deaths of females. In a nut In this regard, enlightened on various causes and came to a decision in the end will offer some way forward to mitigate child abuse in Pakistan.
