

Precis 2026: Improvement in working class conditions

The present era has improved in many aspects of life from daily life to politics. In past, people were divided in classes, ~~one~~ ruler (upper class) with a full ease and little work, while working class higher in number had no peace, even zero ruling power. Industrial revolution of Europe was the reason behind workers' unhappiness with their condition. Industrial elite came through reality that factory are workers are incomplete without each other. So, owners gave many
