Day: \_\_\_\_\_

family. Similarly, media reports children abuse violation, enhancing gender inequality, and violated women through artificial intelligence. In addition, through media platform sharing the family abuse pictures and expected women gender highly. Therefore, it is important to take certain measures such as strengthening the judicial system, promoting respectful cultural for women, and promoting awareness for women to reduce the violation in the world. Social media platform violated women gender globally. ~~Thereby~~ through social media women blackmailing, rapes, and abuses highly. Therefore, to counter this everyone needs to take certain action against those who promoting the illegal cultural in the world.

Before starting overview is important to understand the concept of the topics. Social media is a platform through which people engaged each other globally. Through this the promotion of cultural in between different state. But media also having a negative impact on human being. However, the most powerful impact on women. In this platform women are highly abuses and violated the women gender globally. In this mainly women. Suffering anxiety, depression etc. Therefore to used the social media in specific purpose to control and protect the societies from violation.

At the began, social media is replete with abuse

women physically. This affected the cultural of a societies, and affected women life.

In recent 2025 a muzabbagan teacher abuse two students and violated the concept of education on women. After this young children suffering from depression and anxiety and affected the women rights in the world.

Firstly, social media also violate women vapes. In 2025 Sama a tiktoker women case in Islamabad. In this case the young men and Sama both provide friends on tiktok platform. Before the murder night the young man demands to meet with her on her birth days. But the young women refused the boys and rejected his proposal

However, after some time the young boys violated and entering her home and shot the young women.

In addition, social media also effected the relation of any family. Millions of women globally are divorced because of violated on social media. Through social media the cultural of divorce are increasing everywhere the world. Therefore it is necessary to used the social media for beneficent purpose not for a divided purpose to control the cultural of divorce in the world.

Secondly, social media also violate children abuse violation globally. In recent 2021 the cyberstalking, on

This pile millions of young children under 18 are highly violated. In this pile the big politician and nuclear names are also present and also children abuses. In this pile these people used social media and searched a young children and kidnap for violation purposes.

Moreover, social media also violated women on Anticipal intelligence. In this process the picture of one persons promoted into another, though is the head cut from the picture and put it into a violated picture and violated the women and after that demanded for physical interaction. Through this mainly women suffering

from depression and anxiety.

Moreover, media also enhancing gender inequality in a societies. Through which the women rights are highly expecting from every side. Men as decision-maker only and women are expecting from every side of life. In this process women are highly expecting from every interest of time in a societies. Therefore, it is important to control the social media violation to protect women inequality in a societies.

In addition, Through social media sharing the family abused picture and affected the family relation from every dimension.

In Karachi a man accused and sharing a family pictures and videos of his ex-wife and

blackmailing her wife from each and every day. Through this the women suffering from anxiety and depression. After the investigation the young ~~for~~ men who's harassing the family privacy arrested and jail. for many years. In this high impact on young children life and education which were be harmful for a future life in every aspect of life.

Therefore, it is important to control the women abuses on social media. The country needs to take some certain action such as. strengthening the judicial system in a country to control the violation of the women from every and each side of life. Government needs to strengthening the judicial overview and ensure rule of law in a

state to counter the abuse  
action of violation of women  
from every aspect of  
life.

The second main action is  
promoting the respectful cultural  
for women through media.  
This will enhanced the gender  
equality and providing the  
good opportunity for young  
women in like women plays  
a vital role in a societies.  
like a men. Without the  
societies are incomplete. So,  
we mightly needs to promote  
equal opportunities like a  
men to women. through this  
equality in between people  
might be nominated in  
every dimension.

The another main ways  
to counter the women violation

in a societies is promoting awareness for women through different media. This is a campaign on social media platform to ensuring the importance of women in a state. The second way to promoting peace to face awareness in between people about the women in our societies. This will be beneficial for countries economy and for gender equality in all societies in every point.

In a conclusion of the topic promoting the judicial system in a societies and enhancing rule of law between people in a societies. Though this the violation of women might be control for some interest. Furthermore, ensuring proper instruction and guidance

about the importance of women in our societies. It is also necessary to promoting awareness on social media and ~~and~~ other online platform to counter the spreading violation of abuse of women in a countries. moreover, give proper guidance to young children on school and nominated as proper subject to counter the violation of women which are expected from each and every side of life. Therefore, this is beneficial for a countries economy and for enhancing the equality in a societies.
