Topic: Neglect of Enhancing Intellect in our Education System

Introduction Paragraph

Hook

Learn what is exactly written in the course books and ~~do~~ do not ask question," is the typical response of teachers that a student gets when one tries to learn a concept differently. This statement portrays the picture of the whole educational system in Pakistan, which awards 'A' grades to students by evaluating them on their skills of rote learning the notes given by their instructors. Albert Einstein said, "Education is not learning of the facts, but the training of the mind to think." But, if one thinks completely opposite of this quote then that paints a picture of the Pakistani educational system.

Connecting Sentence

The educational system in Pakistan comprises of a serious neglect when it comes to enhancing intellect in the students.

Reflection of the outline

A number of factors contribute towards this problem. This includes ~~incompetent~~ hiring of incompetent teachers; outdated educational ~~etc~~ curriculum and rote learning culture. Furthermore, limited resources, lack of serious educational policies, socioeconomic disparities and cultural factors contribute towards this problem. All these factors have serious effects ~~in result~~ on students. Students have limited critical thinking skills, reduced creativity

and serious skills gap. This neglect also leads to stagnant research and innovation along with unemployment, further leading to economic challenges. It is important to resolve this problem otherwise it will push Pakistan into serious and never ending problems. There is a serious need to introduce curriculum reforms, teacher training programs, technology integration and collaboration with industry, in order to resolve the root causes of this problem.

Thesis Statement

Therefore, the neglect of enhancing intellect in our educational system has plunged Pakistan into serious social, economical and political problems. It is important to ~~address~~ address the problem with serious dedication and commitment.
