Introduction Paragraph structure

Attention Grabber (HOOK)	In education, there is a golden triangle of quantity, quality and equity. You just can't ignore one while strengthening the others. (A quote by Stifaram Yechury). It means
Connecting Sentence	to neglect any aspect of education either it is a traditional method or intellectual ability both are damaged. the bone of education system.
Reflection of the outline	there are ample of factors to enhance intellectual ability neglecting in education system of Pakistan. First and foremost political instability and social issues enhance neglectation of intellectual ability. Along with that low allocation of budget and untrained staff in teaching process is an other factor. Besides that traditional way of teaching and lack of professionalism in education is also bone of content in education system from top to bottom. These abuse hinderance impacts negatively in growth of intellectual ability. Due to that youth of is unskilled and there is no creativity and critical thinking among them. Furthermore unemployment is increasing day by day and youth is backward in latest technology based education. Candidates learn undefined outcomes so there is a lack of will power and decision making in them. youth is unable to participate in creative activities at all. Along with some cause there are also solutions available to eradicate these ill from education system. Firstly, allocation of budget should be handsome.

Secondly, there should be conducted monthly and yearly training programmes for teachers. Thirdly, there should make awareness on importance of enhancing intellectual ability in education sector. And finally but not least there should be use of innovative communication and technology (ICT) in classroom.
