

Paragraph 01: Causes of Unemployment in Pakistan

Topic Sentence	One of the main contributing factors to high unemployment rates in Pakistan is the banking concept of education.
Explanatory	As highlighted by Paulo Freire in his book (1970) "Pedagogy of the oppressed," this traditional approach fosters passive knowledge absorption among students, impeding creativity and critical thinking!
Supporting point	By adopting such a method that treats students as mere depositories of knowledge, it leads to the production of ill-equipped graduates ill-equipped to meet the demands of a dynamic job market, perpetuating cycle of unemployment.
Example/Evidence	Irish minister Michael D Higgins' recent research (2014) underscores the significance of basic education system in cultivating a creative society. However, the current education system places overwhelming emphasis on memorizing facts, leaves little room for deeper moral exploration and intuition.
Concluding Sentence	Consequently, this flawed approach further exacerbates already grave issue.

Paragraph 02: Effects of Unemployment in Pakistan

Topic Sentence	When a country adopts such a repressive and outdated educ approach to education, it gives rise to skill gaps, subsequently leading to lower employability rates.
Explanatory	As industries evolve and demand specialized expertise, many job seekers find themselves ill-prepared to meet those demands.
Supporting point	The lack of essential skills and hands-on experience makes it challenging for individuals to secure a suitable employment opportunities, and with ^{advancing} technology and the dynamic job market, the skill gaps widen even further, deepening the problem.
Evidence	A 2022 study by the Pakistan Institute of Development Economics (PIDE) shows that at least one-third of the educated youth in Pakistan is unemployed.
Concluding Sentence	As a result, the low employability of recent graduates stands as one of the primary outcomes of the unemployment problem.

Paragraph 03: Remedies to solve the problem of Unemployment

Topic Sentence	Aggravated by the lack of in-demand skills, the current youth unemployment crisis calls for a multifaceted approach.
Explanatory	A comprehensive strategy, encompassing multiple fronts, is vital to effectively tackle the issue.
Supporting Point (1)	To begin with, investing in vocational training and skill development programs is essential to bridge the skills gap in the workforce.
Evidence	The 2021 study conducted by the BRAC Institute of Governance and Development (BIGD) revealed that BRAC's vocational training program in Bangladesh resulted in a remarkable 2166% increase in youth labor market participation and a substantial 46% increase in earnings in the short run.
Supporting point (2)	Moreover, fostering partnerships between educational institutions and businesses enables practical experience, aiding students in adapting to real world challenges.
Evidence	The exposure and hands-on experience can help students increase their knowledge and increase their employability chances. (Islamabad post.com, Industry linkage)
Concluding Sentence	Hence, an extensive approach holds the key to addressing the rampant issue of unemployment. Apr 2
