

1: Cause of Unemployment in Pakistan

Topic sentence	Rapid population growth is one of the many causes of unemployment in Pakistan.
Explanatory sentence	This is because rapid population growth slows down the economic growth of the country which, in return, dwindles opportunities.
Supporting Point	Rapidly increasing population is counter-productive to employment opportunities being created. It simply threatens the prosperity of our generations.
Evidence	Pakistan's unemployment rate stands at 6.42% (Statista.com, Unemployment in Pakistan from 1999 to 2022, 2022). This is higher than the global average of 3%.
Concluding sentence	Hence, rapid population growth is one of the many causes of unemployment in Pakistan.

20 Effect of unemployment in Pakistan

Topic Sentence	Rapid population growth results in increased poverty in Pakistan.
Explanatory sentence	This is because a large population of unemployed people limits their spending, resulting in the slow growth of the economy.
Supporting Point	Public health crisis such as Covid-19 further pushes unemployed people near to the poverty line. Recent pandemic has created a grave situation in Pakistan.
Evidence	According to a World Bank report, Poverty in Pakistan, Covid-19 may have pushed 10% of the population below the poverty line (World Bank, 2021).
Concluding sentence	Therefore, unemployment due to rapid population growth results in increased poverty in Pakistan.

3% Solution of Unemployment in Pakistan

Topic Sentence	Controlling population will not only reduce poverty rate but also addresses the issue of unemployment in Pakistan.
Explanatory Sentence	This is because a large population has a direct impact on the employment opportunities and economic growth in Pakistan.
Supporting point	Controlling population refers puts reasonable number of people out in the field. This leads to increased employment. It also improves human resource quality.
Evidence	Government must act efficiently to control the population. This will result in increase per capita income (Nayab Minhaj, Impact of Population Growth on Economy, 2021).
Concluding Sentence	Therefore, controlling population is necessary to address the issue of unemployment in Pakistan.
