English precis Test-1

Once Abu Ben Adhem saw an angel writing something in a book of gold during a night. The peaceful look of the angel gave him the courage to ask him what he was writing. He came to know that the angel was writing the names of those who loved Allah. Abu on his question came to know that his name was not in the list rather the list contained the names of those who loved their fellow beings. The angel appeared again next night and showed Abu that his name was on the top of list.
