

NEGLECT OF ENHANCING INTELLECTUAL ABILITY IN OUR EDUCATION SYSTEM.

Attention Grabber

"The function of education is to teach one to think intensively and to think critically (Martin Luther King). This saying clearly depicts that the intellectual ability enhancement is the main purpose of an education system.

Connecting Sentence.

In ~~thereas~~, unfortunately, education system of Pakistan lacks this main purpose.

Gist of the Outline.

Because Pakistan education system has failed to produce graduates who can think intensively and critically. The system lacks emphasis on critical thinking skills and focuses on obsolete and narrow based curriculum. It is based on specialisation model which lacks the focus on individual. Further, it signifies only grades over learning and follows method of one-size-fits-for-all. Evidently, these imperfections cannot pass without inflicting damage on the system. Limited critical thinking skills, reduced adaptability in students, shallow understanding ^{and} missed opportunities for innovation are ~~the~~ few repercussions of the neglect. ~~In a nutshell,~~ However, the ray of hope is alive to restore

Thesis Statement.

~~the system~~ In a nutshell, education system of Pakistan lacks the ability to enhance intellectual ability in students. Moreover, neglecting the cause has

^{the} made system ineffective. In this regard, ^{Rainbow} only concerted efforts can get the system out of the woods. ^{Teacher's Sign.}
