HAJRA MASOOD

Introduction Paragraph Structure (blank form)

Attention Grabber (Hook)	<p>Books are the perfect entertainment, no commercials, no batteries, hours of enjoyment for each dollar spent. (Stephen King)</p> <p>Here, Stephen King is referring to the hard cover books. There are memories and sentiments attached with books such as writer name and dedication of book to someone, you want to gift.</p>
Connecting Sentence	<p>(Connect your hook with the reflection of the outline) all these memories attached to the hard cover books</p>
Reflection of the outline	<p>won't stand generational transformation of book publication, As we are the last generation to touch a book.</p> <p>The e-books readers and e-books were initially introduced to cater the needs of books readers across the world, it initials with book publication in both hard and soft format. Soon this trend is transformed into preferred mode of publication. Because e-books are more affordable and accessible via different e-book readers, smart phones, tablets, personal computers and i-Pads. Moreover, the content of e-books is easy to comprehend as e-book reading applications facilitate of words meaning, highlighting important text and content transfer to other documents (copy-paste). E-books are</p>

easy to store and carry around. all these factors results in rapid shrinkage hard cover books market share and increase in e-book readers. The production and possession of hard book is toward steep decline due to high cost of production, storage and maintenance. In this scenario, we are probably the last generation to touch a book.

Concluding Sentence/s

(Thesis Statement)

The technological support and ease of adaptation towards e-books is pointing towards the emerging trend of e-book readership, thus we are probably the last generation to experience the possession of hard cover book.

"Has Employment increased or decreased in Cyber Age"

HAJRA MASOOD

Introduction Paragraph Structure (blank form)

Attention Grabber (Hook)	Artificial intelligence is not a substitute for human intelligence; it is a tool to amplify human creativity and integrity (FEI FEI LI) It indicates that current era of cyber age that brings automation based industrial revolution is not a threat to human work force.
Connecting Sentence	(Connect your hook with the reflection of the outline) ^{Impact these} machines are the tools to improve productivity
Reflection of the outline	and creativity of human beings. These ^{man} made machines are not capable to replace human work force and grab their share in employment/job market. We are living in the cyber age where artificial intelligence has enabled machines to work and think like human beings. Still these machines lack emotions, intelligence and decision making power in complex situations. The AI technology has bring new demands in every field including commerce, manufacturing and human resource management. The automation has bring a whole new demand of technology oriented jobs such as cyber security, data analytics, user

centric ethical legislation, and predictive maintenance. All these technologies are digitalizing the repetitive and exhaustive tasks and helping human beings in intelligent tasks. The employment opportunities created by artificial intelligence are increasing day by day.

on the other hand people doing low skill based repetitive tasks and not adopting new technologies are at higher risk of job replacement.

The crux of all this discussion is 'that in cyber age, AI won't replace you but AI skilled worker will.'

Concluding Sentence/s
(Thesis Statement)

The artificial intelligence based industrial revolution has created more job ~~creating~~ ^{to} the potential threat of job replacement in the cyber age.'
