

Date _____

Topic: Neglect of enhancing Intellectual Ability in our Education System.

Introduction:

Attention
Crabber

Children must be taught "How to Think" not "what to think" (Margaret Mead), This means that education system in 21st century would require more than traditional, old-dated education techniques. This statement of Margaret Mead becomes a befitting lesson for the world to shape their education system. Modern world has brought new challenges which can only be solved by an intellectual youth which can only be derived by an education system based on intellectual ability enhancement.

Connecting Sentence

But, in Pakistan, education system is run on an old, out-dated techniques and policies and neglecting of enhancing intellectual ability has become a policy.

Reflection of outline

This ~~has~~ is done due to practices such as Polarization of education system.

Tip Top Classic

and isolating its Planning and Policies from other sectors, hinders Intellectual ^{ability} enhancement in it. ^{The topic is not about challenges in intellectual ability} Furthermore, the curriculum and teaching methodologies are outdated and based on 'Rote Knowledge' enhancement rather than Practical implementation. ^{It is about its neglect of it in the system.} Whereas, large portion of population is deprived from basic education. This backdrop of education system creates a youth with resistance to adapt new technologies and slow learning abilities. which eventually will create a youth as a liability rather than an asset, as they lack employment and other opportunities not only on national but on international level as well. In the long run it will have negative impacts on other sectors of the country as well. However, with collective policies, an updated curriculum ^{Do not exist the points in the intro.} and different new teaching methods on education system can be created which will enhance intellectual ability of the youth.

If the system neglects intellectual ability than what does it matter if people are deprived from it?

Very vague not sufficient

Concluding sentence

In a nutshell, the education system of Pakistan lacks intellectual ^{Be direct when stating the problem} ability due to negligence of various stakeholders.

Thesis statement

This negligence eventually ^{will} leads to put negative impacts on young generation and other sectors of Pakistan. However, with concrete and collective efforts education system of Pakistan can be

Date _____

transformed into a one with intellectual
ability enhancement features. *Sentence Structure*
