Causes of unemployment in Pakistan

07/5

Topic sentence

There are so many causes of unemployment in Pakistan among which economic instability leads to high unemployment rate.

Explanatory sentence

Unemployment because of economy instability in Pakistan is one of the major challenge facing by country.

You are discussing cause of unemployment in Pakistan. Not that unemployment is a challenge.

Supporting point

Poor governance and low productivity per capita in comparison with other low to middle developing countries have contributed to a balance of payment crisis, where the country is unable to earn enough foreign exchange to fund the imports that it consumes.

Too many arguments in the one point. Select one and prove that. This is a weakness.

Example

On 4th April 2023 the World Bank projected about 4 Million Pakistani people falling below the lower middle income (\$3.6/day) poverty line amid economic growth to just 0.4% against the target of 5pc.

Inclusion Does not elaborate on cause of unemployment.

concluding sentence

This is how economic instability causes unemployment.

Effects of UNEMPLOYMENT IN PAKISTAN

TOPIC SENTENCE

Effects of unemployment in Pakistan, because of economic instability is very severe.

me *Specify me effect*

Reason

Effects of unemployment in Pakistan is high. People lost their jobs and as a result crime rates and mental health issues increases.

sentence structure
choose one

Supporting point

During an economic downstream, a shortfall of demand for goods and service results in lack of jobs being available for those who want to work.

this is cause not effect

Example

In October, 2022, the All Pakistan Textile Associate (APTMA) announced that 600 garments industries closed due to withdrawal of power subsidies and because of this five million people lost their job.

Irrelevant
This is cause of unemployment not its effect

Concluding Sentence

Effects of economic instability leads to unemployment.

That is not your argument.
