Topic: Neglect of enhancing intellectual ability in our education system

Attention

~~Grabber~~

Use formal expression

Ali, a bright-eyed and ambitious student from Lahore, dreamed of a brighter future. He after ~~not~~ studying relentlessly, secured a scholarship for his Postgrad ^{stans} degree in a prestigious university abroad. However, while undertaking his first research project, he found himself utterly lost, struggling with basic research methodologies and critical thinking skills. The years of rote memorization in Pakistan had left him unprepared to navigate the challenges of higher education abroad.

Connectivity b/w two sentences is lacking

Connecting sentence

Does not fulfill the purpose of connecting sentence

The neglect of enhancing intellectual ability in Pakistan's education system can lead to grave consequences, causing issues for students and the nation as a whole.

Reflection of the outline

Do not enlist points in a single sentence

It should

give an overview of the outline
Summarize it.

There is not one but several reasons behind neglect of enhancing intellectual ability, such as overemphasis on rote memorization, outdated teaching methods, insufficient resources and facilities, teacher-centric classrooms, neglect of vocational trainings, incompetent teachers, and examination oriented system. All these ~~are~~ reasons are heavily impacting

affecting student's problem-solving skills, and hindering their innovation and creativity. Similarly, graduates faces challenges in finding suitable employment, nation's workforce lags behind in global ^{Wrong word choice,} competitiveness, and dependency on foreign expertise increases. Nevertheless, it also widens social and economic disparities and diminishes capacity for progress. Hence, it is critical for Pakistan to adopt new solutions to overcome this issue. For example, by bringing curriculum reforms, encouraging active learning strategies, investing in modern resources, and introducing teacher development programs, Pakistan can overcome this issue.

Do not write for example in introduction.

3rd Person

Thesis Statement
