

(Sub-heading: Causes of Unemployment in Pakistan)

2/5

Topic Sentence

Among the wide-ranging causes of unemployment, dearth of educational and vocational training is the root cause of unemployment in Pakistan.

Explanatory Sentence

Due to lack of access to excellent education, many young individuals are unable to find the employment that fits their talent and qualification.

Supporting Point

As a result a large number of individuals end up their ^{educational} career with no technical skill matching the industrial market

Evidence

Be more specific with your example.

According to Pakistan Institute of development Economics, There are both supply and demand reasons for such substantial difference between two rates of unemployment (Heena Ahsan / PIDE / 2023)

Concluding Point

That's not exactly what your argument proves.

This demonstrates that weak education standards are the major reasons for massive unemployment
