Thus, unemployment increased social problems in Pakistan.

words = 91

Paragraph # 3

Providing Technical Education.

2/5

<p>Topic Sentence.</p>	<p>Your main purpose is to overcome unemployment ^{not just its effect.} <u>Social Problems</u> can be overcome by providing technical education to citizens.</p>
<p>Explanatory Sentence.</p>	<p>Technical education which lasts from six months to three years can give the unemployed labor force, the skills to compete for better paying jobs.</p>
<p>Supporting Sentence</p>	<p>The development of skills can contribute to structural transformation by enhancing employability. Relevant and quality skills enable productivity which results in more and better jobs for current labor force.</p>
<p>Example.</p>	<p>Pakistan, for example, initiated <u>Hunarmand Pakistan programme</u> to strengthen the quality of education (Finance division, <u>Population & Labor force, 2022</u>). Relate it to how this will result in solution of unemployment. It can also be a case study of some other country who had utilized similar strategy.</p>

concluding
sentence.

Hence, Technical education
can boost the unskilled
labor force to skilled
work force.
