

Topic: Agricultural decline and how to counter it

Introduction:-

⇒ Attention Grabber:

As proverbial ^{This does not have the same meaning and context as your essay.} royal messenger was sent by King to convey important message. Although he had a horse but neglected nail of horse. and ~~gr~~ Resultantly horse fell down and died.

⇒ Connecting Sentence:

Similarly Pakistan ^{Sentence structure} ~~have~~ not ^{Pay} paid due attention to ^{Which one?} this sector and have become importer of it.

⇒ Reflection of outline:

Contextually incorrect. This suggests that it still is abundant which is not the case of the topic

Since inception of this country,

It has been agricultural abundant. However, due Negates the previous statement. Resulting in lack of Coherence to several factors have declined. Lack of

modern technology and ^{What?} research and development culture are ^{Capitalise} ~~chait~~ among others. further,

traditional method of cultivation and quality compromised fertilizers are attributed to decline of agriculture. Inadequate supply of water

and govt. Policies ~~affected~~ it ^{the} most.

Resultantly, Pakistan is facing food shortage and inflation as consequences of it.

Further decline in agriculture impacted in this way that ~~country is to import commodities and increase in poverty.~~ These above mentioned factors can be eliminated by using research center and use of technology. Moreover, adequate water supply and adequate allocation of budget can uplift this sector. Along these policies, quality fertilizer is necessary to produce yield.

Sentence structure

Weight if this should be more than the impacts.

Thesis Statement:-

Decline of agriculture is the result of several factors. These factors impacted country ~~are~~ negatively. To improve this sector effective and constant policies are required to be implemented.

Crunch Paragraph:

From food abundance towards food security.

Which sector? You are grammatically incorrect. Starting a paragraph, do not use pronouns.

This sector was considered as largest sector in the economy. Being self sufficient in the sector, ^{country} was a major exporter of food commodities. Pakistan ranked at 99th among 121 countries in the Performance of agriculture sector. (Global hunger index 2023) Pakistan is placed in serious risk list which means country is ~~unable~~ unable to produce required quantity of food. These statistics depicts the situation and reflects negligency made by country. Now the country is facing difficulties due to these negligencies in the form of food security and food shortage.

Very incoherent. There is no connectivity and flow in the ideas.

Topic: Is Commercialization biggest ill of media?

Introduction

Attention Grabber:

"Commercialization refers to the idea of maximizing benefits without having any regard for the values."
(Joshua Goldstein, International relation 2018)

This means that commercialization exploits media for ~~their~~ ^{its} own benefits. ^{whose?}

Although media was discovered to spread truth and highlight issue of everyone, but media diverted itself from its core objective. It can be seen in world that ~~media~~ ^{Commercialisation of media is considered as the biggest ill} considered as biggest ill. Exploiters use it for their own narrative.

Thesis Statement:-

The Process of Commercialization dented the Positive role of media. However, commercialization is as essential for the Survival of media. Therefore, it doesn't mean that for the sake of survival, media ~~divert itself from its objective.~~

Crux of Outline.

The process of commercialization dictates the media and persons ^{which are} associated with it, that is why it is biggest ill. Business and control of ~~biggest~~ ^{enormous} owners and influencers promotes ~~things~~ in their ways. To make narrative or to advertise

media is being used and exploited by many controllers. However,

On the ~~other~~ ^{Sentence structure} side it is considered as survival of media

is based on process of commercialization. Commercialization is necessary for media to promote narrative of everyone.

Moreover, ^{Sentence structure} they think that there is no issue buttressing national cause even when it is commercially induced. Therefore, these statements

don't verify the ^{positive} role of media in society.

You are not discussing role of media

Crunch Paragraph.

Topic: Commercialized Media

It ~~has been~~ ^{You cannot make generalised statements like this} ~~of~~ every influencer ~~to~~ control media. Because by media they can promote themselves and their narrative

throughout ~~the world.~~ ^{Incomplete and unstructured sentence} By providing awards or other means of wealth spread their products.

Although these ceremonies are good exercises for media, but

it destroyed the media's role in society. The validity of media is being questioned by people due to these biases and

appreciation. ^{Wrong use of words} It has demolish ed barrier between good and bad.

if we see at international level in different region different narratives are being circulated by media.

~~first~~ for example west control media for their purpose. Commercialization was the core principle of exploitation.
