

Translation -

In this selfish world today everyone is thinking of himself. Nobody cares for another. No true love exist in the heart of people. Ethical power is declining. We are not only selfish to people but as the country too. have we ever thought that in this country where once trumpets were ringing now Terrorism took place. But nothing has been deteriorated yet. We love Pakistan with true love and dignity then we can finish alot of defects. we are tomorrow's future founder. we should stop differentiating between sects, begging and richness, middle and lower class. we should bare one's soul. and make the bright future of this country. pray that people of this country start working and working of combinedly and if Pakistan is ~~it~~ then we all are alive.
