

## 1: Cause of Unemployment in Pakistan

2/5

Topic sentence	Rapid population growth is <del>one</del> of the many causes of unemployment in Pakistan.
Explanatory sentence	This is because rapid population growth slows down the economic growth of the country which, in return, dwindles opportunities.
Supporting Point	Rapidly increasing population is counter-productive to employment opportunities being created. It simply threatens the prosperity of <del>our</del> <sup>coming</sup> generations.
Evidence	Pakistan's unemployment rate stands at 6.42% (Statista.com, Unemployment in Pakistan from 1999 to 2022, 2022). This is higher than the global average of 3%.
Concluding sentence	Hence, rapid population growth is <u>one of the many causes of unemployment in Pakistan.</u> <del>Your evidence does not support this</del>

No relation to population being the cause of unemployment

## 20 Effect of unemployment in Pakistan

The argument is effect of unemployment in Pakistan. Not of rapid population growth.

Topic Sentence	<u>Rapid Population growth results in increased Poverty in Pakistan.</u>
Explanatory sentence	This is because a large population of unemployed people <u>limits their spending</u> , resulting in the <u>slow growth of the economy</u> . <i>What is the argument? increase in poverty or slow economic growth.</i>
Supporting Point	Public <sup>Separate Cause</sup> <u>health crisis</u> such as Covid-19 further pushes <u>unemployed people</u> near to the poverty line. Recent <u>pandemic</u> has created a grave situation in Pakistan. <i>What is the argument? Completely irrelevant. Every new sentence starts a new argument.</i>
Evidence	According to a World Bank report, <u>Poverty in Pakistan, Covid-19 may have pushed 10% of the population below the poverty line</u> (World Bank, 2021). <i>Not related to unemployment at all.</i>
Concluding sentence	Therefore, <u>unemployment due to rapid population growth results in increased poverty in Pakistan.</u> <i>That is not discussed in the paragraph.</i>
