In today's selfish time, everyone is trying for their own benefit. No one cares for others. Neither one has true love in his heart nor an honesty. Moral highness is under decline. We do not only selfish to human but also to our country. Here we ever get united and thought that this country where once bloomed with the sounds of love, now only terror has prevailed. But even now nothing has gone out of our hands. If we truly love Pakistan and look into ourself, we can get rid of flaws by ourselves. We are tomorrow's future. We should and can get rid of sectarianism, poverty, and discriminatory differences. We should get united and make the future of this country bright. Hope that every person of this country gets united and stop thinking about well being of the country because if Pakistan lives long then we live long.
