I also have the dream that one day in Alabama, all racist discrimination will be ended and white and blacks will be treated alike. One day the whole world will be changed by Lord and human beings will face this change. Returning to South is our faith/belief which is ray of hope in despair world. # Translation

That man does more development/  
develops more who moves one  
step forward. Officer or mechanism  
does not develop him, nature  
develops him. We should have a  
faith that Allah is the guardian  
of our hardworks/struggles. We should  
have a faith that nature will also  
grant us. Those struggles whose  
rewards are not given by men/people,  
whose rewards of those are definitely  
given by Allah or Allah definitely  
gives rewards of those. You must  
have a belief on the existence  
of your body. Sheikh Saadi states  
that "do not pray keeping  
in view your value rather  
demand according to his  
majesty. It is possible, my status  
value is too small but majesty  
of give make me king. He  
has infinite ways and excuse  
to bestow."
