Translated paragraph:

The man who struggles progresses more. He achieves highest ranks with the blessings of God, not by the power of people or system. This should be our firm faith that He is the guarantor of our hardworks, and He will bless us. Fruits of hardworking are the provisions of Him instead of common men. This should be our firm faith like that we believe in our existence. Sheikh Saadi says that ask from Allah not according to your will, but according to His might. Probably you are the destitute one and he gives you kingship. He has lot of ways and pretexts to bless.
