

Title:

## The value of art's transition

Arts belong to religious and supernatural background but as time passed, this charismatic activity turn into the meal for businessman. They started to invest on it as art was considered an asset. Because big names started to spend money in buying arts. This all started in 1980's when Japanese rapidly raise the assets prices to double. Consequently, businessmen attracted towards this business from all over the world. Art remains at the cradle of tycoons but vanish and became nearly impossible for common people's access.
