## English & C Mock Exam

### Q2 Art turning into business

Inspite of having religious and magical origins, art in a very short period of time became commercial venture where every segment of the society treated art as a mean of commodity and profit earning. Even during 1980s in Japanese bubble economy art was purchased with record breaking prices along with heavy taxes imposed on it. A good piece of art speaks and not every museum can offer best prices to these masterpieces which results in disappearing of these pieces in ~~the~~ private hands. If this transformation from one hand to other hand will change static fortune of the people involved in this venture.

Words in original passage = 323

Words in precis = 102

————— x —————.

## Q#3

## Q7. Translation

It is said about few books that they have changed the world, people of wisdom choose these books according to their will and circumstances but books that are destined to change the world includes some books which mislead the world and is responsible for its backwardness. Publication of books in any society can be used to estimate that the books to be printed are about to change the world or want to entangle it in an outdated system.

From this perspective, if we survey books published in Pakistan, we can see that these are affecting the minds of people through the emotions of religious bigotry, communal sentiments and unnecessary national pride. Expression of this mindset is visible in today's Pakistani Society
