Questions:

1) The lamented thing in the text is we never appreciate the artist's efforts. Rather we think that talent is God gifted. That is why art is declining from our life. Presently, art is not practicing by majority except few painters.

2) The difference between ordinary man and artist is ^{that} ordinary man see beauty in art as an ornament. However, the artist know the beauty of universe which he add to his art. He percives relation between things in different way which can be seen in his art.

3) We can make our lives beautiful and charming by making difference in artistic work. The art we enjoy to do reflect the beauty of nature. This art makes our life satisfying. But the art we do not like is not satisfying rather it is a waste of time.

4) By saying this, the writer actually means people do not recognize art now a days. All they want is to see beauty in art for the sake of beauty.

That is why art become ornament for which people ready to pay extra.

5) I agree that art and beauty affect our practical life and morals. Because we do not value the efforts, hardwork and dedication of artist. This discourage them and bring down their moral.

Resultantly, art is just disappearing from our life.
