History is full of such people that started their lives from very hard situation. but fairhead they counted in successful and fame people or personalities. Success, Respect and fame never give you in a plate but wealth can be handed to you on a plate. For that one condition is necessary it must have to your ancestors. Then you can ~~get~~ get wealth. You can buy world's things from wealth but can't buy happiness. Sometime it take centuries <sup>sometimes</sup> to earn respect, caste or <sup>to</sup> become controversial one moment is enough.
