28828- Mishah-011,

Q1: What is the difference between human beings' fear of death and children's fear of death?

Ans- There is no difference between human beings' fear of death and children's fear of death. Fear of children increases by the stories which they heard from their elders. They heard the stories of thieves and ghosts whereas, the human beings' fear of death is increased by the stories which they heard about dying man.

Q2- What is a religious and scared view of death?

According to religious view of death, sins which human beings have committed today, they will be punished after death whereas, in scared view, human beings will be entered into another world after death.

Q3:- What are the painful experiences described by the Monks in their books?

Answer: According to Auerhous, Human being tortures themselves as self-punishment.

It may leads the reader to think that if the minor pain of world is not bearable, pain of death must be horrible.

Q4:- What are the views of Seneca about death?

Answer:- The views of Seneca about death is not different. External factors are major reason to increase the fear of death. The ceremonies that are performed after the death, make death appear more horrible.

Q5:- What are the facts that make death appear more horrible than it would be otherwise?

Answer:- Here are some factors that make death appear more horrible than it would be

otherwise. Voice of dying man, Lifeless face,

Body shivering, His friends start crying.

These are the factors that make death more horrible.
