Title: Dutiful Parents Make Their Child Responsible

Parents perform a key role in the maintenance of a child. There are multiple characteristics parents need to adopt for the progress of their youngster. The education among which plays a crucial role in progression of a child. For instance, a well-educated mother always prefers to train her children well. Parents do educate their children in a dutiful manner and teach them good manners in each aspect of life. Such as to do work responsibly and loyal towards homeland. Similarly, children should prove themselves as grateful towards parents. They must obey and take care of their parents till the end of their lives.
