Topic: Parents and their love.

Parents are God's blessing, who play a major role in the upbringing of their children. One major feature is ~~their~~ education, ~~where~~ as educated parents upbringing their children in an organized and efficient manner. Many accomplished and well-known people credit the goals they have achieved to ~~their~~ their parents and the education their parents provided. However, it is also the responsibility of children to be respectful, obedient and take care of their parents especially when they are old, weak, sick, and arrange their funeral when they pass away. In essence nothing can replace parents love and affection.
