### 3 Commercialization of Art

Art, in spite of having spiritual and deeper roots, became a business. People with wealth, museum curators and entrepreneurs all contributed to art becoming a commercial undertaking. A market was created by speculators and promoters in which cultural art was exchanged for profit. The Japanese 'bubble economy' further commodified art as tycoons and industrial giant, such as Ryoei Saito, invested heavily in great western art.

All have played negative role to turn Art into business

The key to precis is to reflect original ideas comprehensively

6  
In doing this, the ethical aspects that art belongs to the world at large, great art will continue to become a business. The world doesn't have the means to acquire art. Thus, art may be with private owners but its exchange would spread wealth amongst investors, collectors and artists. (100 words approx)
