The most profound problem

our youth is facing at present

is frustration. This master is

eating up our youth slowly and

gradually. ^{educated} The youth in Pakistan

don't have jobs, means of health

entertainment, health resources. ~~and~~

Saddest of all our youth are

committing ~~stet~~ suicide. These all

no contractions

Deviates from the argument

- the neglect of educated youth.

Another factor behind this fact is exclusive ^{excessive} boom in the population. An estimated 103 million or 63 per cent of the population fall under the age of 25 years.

Paragraph deviates from the argument

Male youth literacy rate is estimated to be 53 percent and female youth literacy rate is even lower at 42 percent. And further increase in population is diverting the attention from the existing youth, and this division of attention is causi The main reason of neglecting educated youth. So expbsion in population is also a cause of neglecting them.

Argue this, not the increase in population

Moreover, Our country is also facing the lack of effective policies, lack of law and

That is not neglect

to lack of resources they are unable to get and pursue their field of interest. Poverty is a sort of disease which is weakening own youth. They are unable to fully use their talent and serve their country. And though the government is not in the condition to help them to establish their business. The country is on the edge of the precipice of default, or as people now say Pakistan is already in a situation of virtual default. According to Renowned economist Dr. Atiy Nlian of Princeton University, The country has already defaulted and is now dependent on the various bailout packages of IMF.
Because of grim and uncertain conditions of homes, poverty is being a handle in establishing businesses and thus resulted in

This means the country can't
not that they are neglecting them
