For a well educated or brave man,
this main objective is not to make
money just as the dinner is not
the main object of their lives.

All healthy minded people like
making money and enjoy the sensation
of winning it just like a good
soldier glad of his pay but when you
keep him ten years without it,
his main mission is to win battles,
Doctors like fees but if they are brave
and well educated, the whole desire
to cure patient rather to kill him
and get money. So, for all the
brave and righteous man, work is always
firstly and fee secondly.
