Title :- PURPOSE OF CHILD EDUCATION:-

When we talk about the freedom in education there are many different school of thought, arising from the people and psychological theory. Different people gives different thought about freedom and liberty of education in children. Some of them state that freedom will lead to success of the child in spite of its side effects whether they became hailed or bad due to freedom. While the other state that the children should subject to the authority so that they can be organized and good learners. Along with this there is a third point of view about the child education which state that the freedom should be given in child education and in spite of having freedom they will be good and prosperous. But our community followed the third opinion whether it does not have such rationality. The idea the education have no such
