If the life of this world does not allure you, if the fear of Allah brings tears in your eyes, if picturing hell brings fear in you, if you worship Allah the way He should be worshipped, if goodness attracts you and you are able to stop yourself from following the path of sin then you are righteous. Some are born righteous, some have to become righteous. Being born a righteous person is a matter of good fortune. To become a righteous person is a process of continuous purification and jihad. This process takes time and entails enduring many hardships.
