Q.1 Translation:

If the world attracts you towards itself, if tears come into your eyes from the fear of Albu (SWI), if the fantasy of Hell creates fear in you, if you worship Allah in the way, it is to be done, if virtue persuades you towards itself and you stop to follow the path of evil than you are the virtuous. Some are pious already, some becomes a virtuous. It is fortunate to be virtuous. To become a permanent virtuous is the process of purification and mujahideen. It takes time to be virtuous and faces hardships.
