

QUESTION#2

TITLE:

Write self defining title

~~The Role of Education in Moral Development.~~

Perspective on education and freedom

These are the school of thought on freedom in education. One, children should be completely free despite their ~~bad~~ ^{irrational} behaviour. Second, children with ~~bad~~ ^{irrational} behaviour should completely submit to ~~incharge~~ ^{incharge}. Thirdly, ~~the~~ ^{children} should be ~~free~~ ^{precis}.

Do not rephrase plz make precis

~~be good~~ There are people who follows rousseausism, who says that liberty can bring moral perfection, and thinks that education should

provide a suitable environment for self-growth. The writer does not agree with this and stresses ⁶ on the importance

of education as we live in

society that requires cooperation. The success of men depends upon his

intellectual capabilities and not on his impulse. From social aspect, education should provide children with a moral and intellectual tools.

It should be one third of original passage
